What is TrueScience® Hand Cream?

TrueScience Hand Cream combines natural oils and emollients that boost your skin's water and lipid content, leaving your skin softer and smoother—without the greasy feel. It's enhanced with proprietary Nrf2 ingredients for hydrating defense against environmental elements.

How do I use TrueScience Hand Cream?

Apply desirable amount onto clean hands and rub in until fully absorbed. Re-apply throughout the day as needed.

How much Hand Cream comes in a tube?

There are 100ml of Hand Cream in each tube.

Does TrueScience Hand Cream meet health & safety standards?

We comply with cosmetic industry regulations and perform extensive safety testing. In fact, during the Human Repeated Injury Patch Testing (HRIPT), no irritation or allergic contact sensitization were found.

When should I use TrueScience Hand Cream?

Whenever your hands need a boost of hydration throughout the day.

Does TrueScience Hand Cream have an SPF rating?

No. TrueScience Hand Cream does not contain sunscreen ingredients.

Was this tested on animals?

No. LifeVantage never tests cosmetic products on animals.

Where is TrueScience Hand Cream manufactured?

TrueScience Hand Cream is manufactured in the U.S.A. with globally sourced ingredients.

Does Hand Cream contain parabens, gluten, GMOs, or artificial colors?

No. TrueScience Hand Cream is free from silicone, parabens, or petrolatum.

What does TrueScience Hand Cream smell like?

It has a light citrus-ginger scent.

How should I store my TrueScience Hand Cream?

Keep it at room temperature and try not to expose it to direct sunlight or extreme temperatures for long periods of time.

Does TrueScience Hand Cream include the Nrf2 technologies?

Yes, it does. We formulated TrueScience Hand Cream with milk thistle, bacopa, turmeric, green tea, and piperine.
